ROBIN HILLS SCOUT GROUP

LETTER OF CONSENT

Dear Parents and Guardians

As a result of the ever changing and emerging technologies we seek your consent with the following:

- As most scouts have cell phones and emails addresses it would be beneficial to be able to contact them directly. This contact will be done by uniformed scouters and will enable more effective communication within the troop. Parents wishing to be copied on this correspondence must please indicate such on the form below.
- Our web page has been very successful and we have big plans for its future. We would like to appeal to parents to allow us to publish scout's first names on pages, especially with reference to photos. No personal information or surnames will be available to the public.

Please print the attached form and return it at your earliest convenience. Should you not wish to consent to this request; your decision will be noted and respected. If you do not reply and return the attached form, your consent will be implied.

Kind regards

Moira Bannister

Chairman, Robin Hills Scout Group Parents Committee
